

# The Baby Shower!

## *The Rosewood Girls' Club*

*The girls in the club organized a "Baby Shower" for mothers in developing countries, namely, Malawi.*

*They wanted to share the wealth of their country with those less fortunate than themselves.*

*The girls solicited new and gently-used baby clothing from their friends relatives and neighbours.*

*They had a great time packing it all up and were enthused to know that mothers and babies in need would benefit!*
