

Building a Home for Generations to come

SCAN ME

The vision for the Lancemore Cultural Centre is becoming a reality—a place that will uplift, connect, and serve for years to come.

We've made bold progress, thanks in part to a generous foundation loan and the trust of individuals who extended personal support to get us here. We remain deeply committed to honoring those commitments.

But the journey isn't over. To fully transform this space—furnishing the rooms, preparing the oratory, and completing essential features—we still need your help.

Your support today builds more than bricks and mortar—it creates a space where friendships, faith, and joy can flourish.
